

NODAK ELECTRIC COOPERATIVE, INC.
Grand Forks, North Dakota

Policy Bulletin No. **501.1b.1**

RATES AND REQUIREMENTS

General Service Rate – High Density

Available for service to locations in a High-Density area. A High-Density area is defined as:

- A group of 20 or more active locations, located less than 500 feet between locations, or
- A platted area adjacent to an incorporated town with 20 or more active Cooperative-served locations. The services should be in close proximity to allow for the joint use of transformers.

Rates:

Facility Charge:

Single-Phase Service	\$35.65/Month
Three-Phase Service	\$69.25/Month
Off-Peak Service	\$ 6.50/Meter/Month

Energy:

All KWH \$0.115/kWh

Off-Peak KWH

Short-Term or Medium-Term Non-Cycled	Oct. – May	\$0.082/kWh
	June - Sept.	\$0.115/kWh
Long-Term or Medium-Term Cycled	Oct. – May	\$0.070/kWh
	June - Sept.	\$0.115/kWh
Medium-Term Cycled	Year-Round	\$0.070/kWh

Controlled Water Heater Credit: \$0.005/kWh
Applies to the first 1,000 kWhs each month (October-March)

Annual Load Leveler Credit (Program Closed): \$0.033/kWh
After 200 kWh/KW/12-Month Base Usage
(Dwelling occupant determines the maximum KW base demand level during peak period.)

Minimum:

The minimum monthly charge will be the facility charge, or the appropriate minimum as defined in Policy Bulletin No. 402.
