

NODAK ELECTRIC COOPERATIVE, INC.
Grand Forks, North Dakota

Policy Bulletin No. **501.1b.1**

RATES AND REQUIREMENTS

General Service Rate – High Density

Available for service to locations in a High-Density area. A High-Density area is defined as:

- A group of 20 or more active locations, located less than 500 feet between locations, or
- A platted area adjacent to an incorporated town with 20 or more active Cooperative-served locations. The services should be in close proximity to allow for the joint use of transformers.

Rates:

Facility Charge:

Single-Phase Service	\$33.65/Month
Three-Phase Service	\$67.25/Month
Off-Peak Service	\$ 6.50/Meter/Month

Energy:

All KWH \$0.113/kWh

Off-Peak KWH

Short-Term or Medium-Term Non-Cycled	Oct. – May	\$0.081/kWh
	June - Sept.	\$0.113/kWh
Long-Term or Medium-Term Cycled	Oct. – May	\$0.069/kWh
	June - Sept.	\$0.113/kWh
